Frequently Asked Questions

What is a nominated account?

A nominated account is an account held by an external financial institution, to which you provide us authority to transfer Redraw to. The nominated account must be in the name of at least one borrower and cannot belong to a third party.

Why do I need a nominated account?

You only require a nominated account for the purposes of requesting Manual Redraw or using the Redraw option in our loan management system. Redraw does not have any daily limits. A nominated account is not required to transact using the Pay Anyone options which does have daily transaction limits.

Does the nominated account need to be in my name?

At least one borrower must be an account holder on the nominated account. The Redraw Account Nomination form must be signed by all borrowers and/or guarantors. A nominated account must not be in the name of a third party.

What is my loan application number or existing loan account number?

Your loan account number was contained in the welcome letter we sent to you shortly after settlement. It can also be located on our loan management system.

Can I have more than **one** nominated Redraw account?

You can have multiple nominated accounts for the purposes of redraw. However it is recommended that the Pay Anyone facility be used if you would like to transfer funds to an external account.
