Sub target market for consumers with 100% interest offset sub-account feature

This feature is likely to be appropriate for consumers within the target market who:

- Have surplus cash and want to use this to reduce the interest payable on their loan while retaining access to their money.
- Want the availability of a Visa debit card¹ for everyday access to additional funds held in the 100% interest offset sub-account, including at ATMs.

The 100% interest offset sub-account feature is not available with a fixed interest rate loan.

Sub target market for consumers with a variable interest rate home loan

This feature is likely to be appropriate for consumers within the target market who:

- Have surplus cash and want to use this to reduce the interest payable on their loan while retaining access to their money.
- Want the availability of a Visa debit card¹ for everyday access to additional funds held in the offset sub-account, including at ATMs

The offset sub-account feature is not available with a fixed interest rate loan.

Sub target market for consumers with a variable interest rate home loan

This feature is likely to be appropriate for consumers within the target market who:

- Will benefit from the additional loan features available with a variable interest rate loan who understand and are able to manage repayments which can change at any time.
- Are likely to have the ability to make extra repayments, at any time, up to the outstanding loan amount

Consumers can choose to have a split loan with a variable interest rate and fixed interest rate portion providing repayment certainty in relation to the fixed interest rate portion and the ability to have an offset sub-account, redraw facility and Visa debit card¹ available on the variable interest rate portion.

Sub target market for consumers with a fixed interest rate home loan

This feature is likely to be appropriate for consumers within the target market who:

- Require the certainty of a fixed interest rate and fixed repayments for a fixed period up to 10 years, understanding that they will not benefit from interest rate decreases during the fixed rate period.
- Will not need access to any additional repayments made to their loan during the fixed interest rate period.
- Benefit from having the repayment certainty offered by a fixed rate even though any additional repayments made during the fixed interest period cannot be accessed.
- May need to break their fixed rate loan prior to the end of the fixed rate period and will benefit from a product which does not charge break costs.
- May want to have an IO period during the fixed interest rate period.

¹ Visa debit card issued by Indue Limited ABN 97 087 822 464 and distributed by Pepper Finance Corporation Limited ACN 094 317 647 and/or through Pepper Money accredited mortgage brokers.

² The maximum term, loan amount, fees and charges and Loan to Valuation Ratio will vary depending on the consumer's circumstances, including the method of income validation and credit history. E.g., discharged bankrupt or defaults. Refer to the key product attributes to ensure that the available product options meet the consumer's likely objectives, financial situation and needs.

Consumers can choose to have a split loan with a variable interest rate and fixed interest rate portion providing repayment certainty in relation to the fixed interest rate portion and the ability to have an offset sub-account, redraw facility and Visa debit card¹ available on the variable interest rate portion

Consumers have the option to lock in a fixed interest rate at application stage (fees apply).

Sub target market for consumers with Principal and Interest loan repayment

This feature is likely to be appropriate for consumers within the target market who:

- Want to pay down their outstanding loan balance on a regular basis in addition to their interest repayments, to save on interest over the term of the loan and build equity in the property.

Sub target market for consumers with an Interest Only loan repayment

This feature is likely to be appropriate for consumers within the target market who:

- Will benefit from the ability to pay interest only on the outstanding loan balance for the duration of the Interest Only period.
- Understand that they may pay more interest over the life of the loan as not paying down principal during the interest only period

Interest Only is available for a maximum period of 5 years, after which repayments will revert to Principal and Interest.

Purchase or refinance of an owner-occupied residential property²

This product allows consumers to finance the purchase or refinance of an owner-occupied residential property and make principal and interest repayments in order to reduce the loan balance and build equity in the property.

Purchase or refinance of an investment residential property²

This product allows consumers to finance the purchase or refinance of an investment residential property with the ability to select principal and interest repayments to reduce the loan balance and build equity or interest only repayments for a maximum of 5 years for tax purposes.

Access equity²

This product allows consumers to access part of the equity in their owner occupied or investment residential property to use the funds for an acceptable purpose in accordance with our lending criteria. Acceptable purposes include purchasing another property, home improvement, debt consolidation or investment.

Consumers for whom this product may not be appropriate

This product may not be appropriate for individuals who:

- Do not meet the Prime target market criteria.
